# The Mid-Cycle Evaluation

## Assessment Cycle

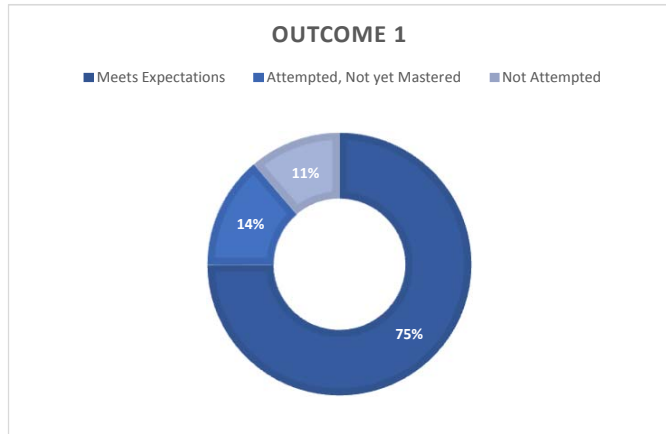

**Communications Outcomes 201770, 201830, 201870, 201930, 201950, 201970**

**Outcome 1 - Communications: Written & Oral**

Communicate information in a clear, concise, and complete manner.

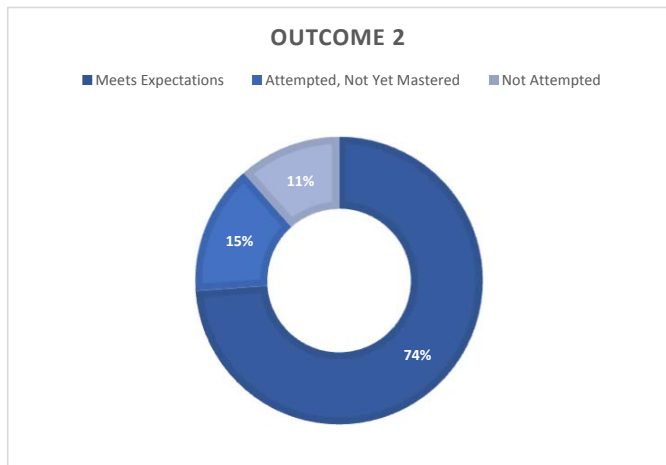

Meets Expectations	293
Attempted, Not yet Mastered	54
Not Attempted	44
	391

**Outcome 2 - Communications: Written & Oral**

Communicate in ways appropriate and effective for their intended audience and purpose.

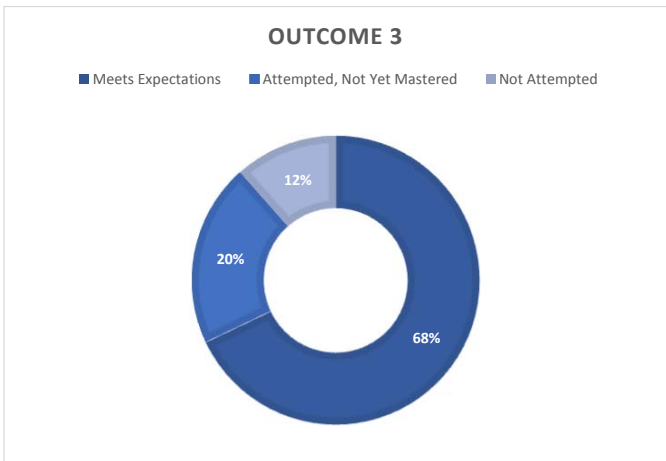

Meets Expectations	288
Attempted, Not Yet Mastered	57
Not Attempted	45
	390

**Outcome 3 - Communications: Written & Oral**

Identify and ethically incorporate research materials into informative and analytical communication.

Meets Expectations	265
Attempted, Not Yet Mastered	80
Not Attempted	45
	390

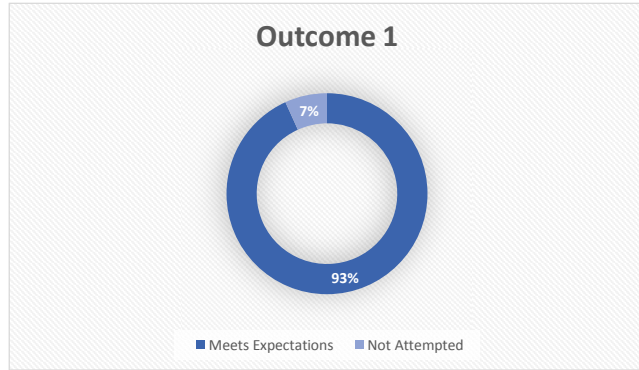

## History and Social Science Outcomes 201770, 201830, 201870, 201930, 201950, 201970

### Outcome 1 - History and Social Science

Recognize the impact of human behaviors on society and the environment over time.

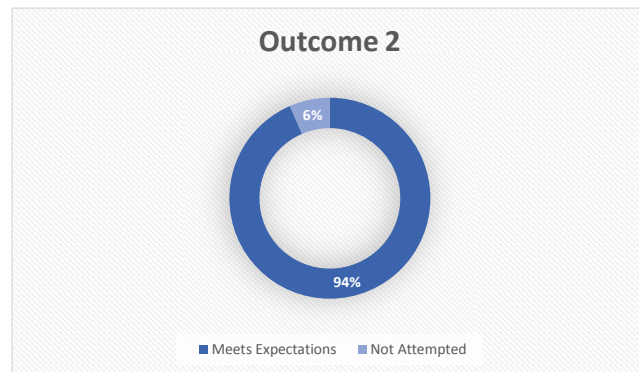

Meets Expectations	330
Not Attempted	24
	<b>354</b>

### Outcome 2 - History and Social Science

Evaluate human behavior within the contexts of community, culture, time, and/or technoeconomic base.

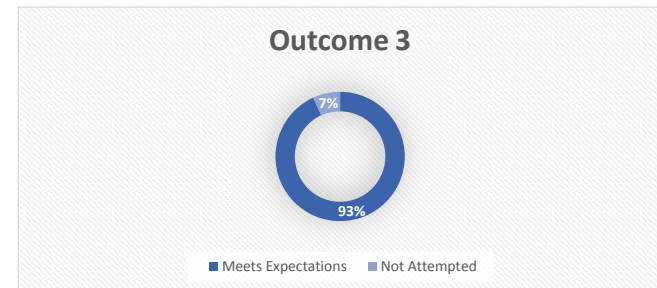

Meets Expectations	331
Not Attempted	23
	<b>354</b>

### Outcome 3 - History and Social Science

Analyze how human actions result from past events and impact future events.

Meets Expectations	330
Not Attempted	24
	<b>354</b>

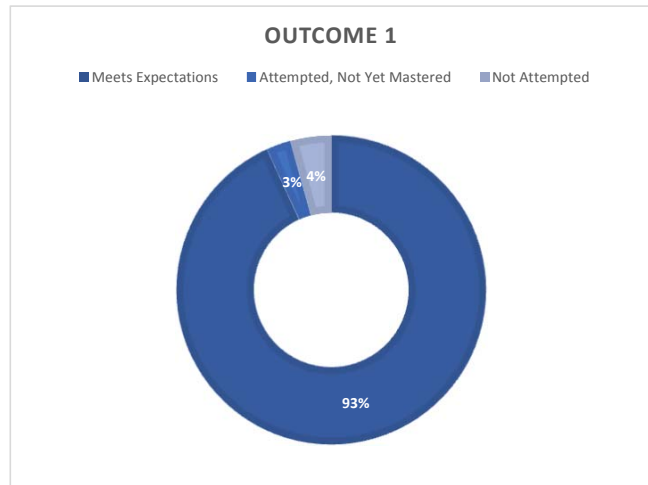

**Humanities & Fine Arts Outcomes 201770, 201830, 201870, 201930, 201950, 201970**

**Outcome 1 - Humanities & Fine Arts**

Recognize contributions of literature, music, theater, language, philosophy, culture, or art in the development of insight into human endeavors.

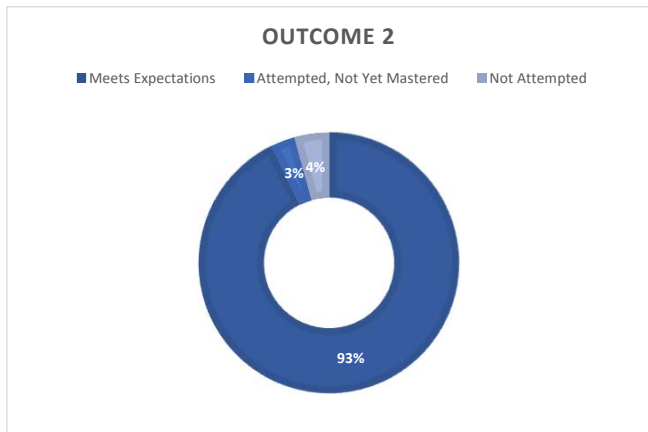

Meets Expectations	219
Attempted, Not Yet Mastered	6
Not Attempted	10
	235

**Outcome 2 - Humanities & Fine Arts**

Explore connections between the humanities and cultural/historical events.

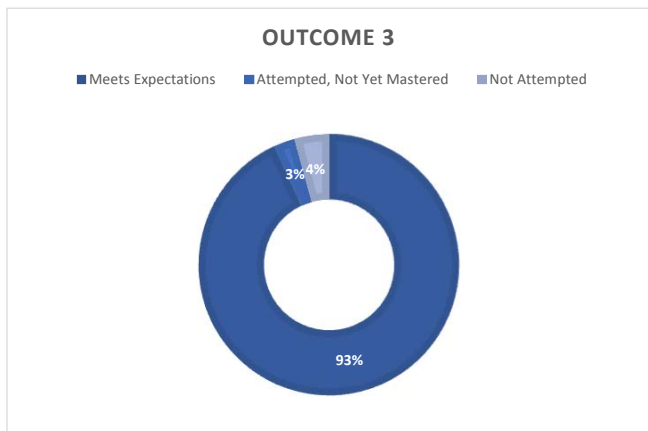

Meets Expectations	216
Attempted, Not Yet Mastered	7
Not Attempted	10
	233

**Outcome 3 - Humanities & Fine Arts**

Acknowledge, learn about, and learn from different cultural, artistic, and social perspectives.

Meets Expectations	216
Attempted, Not Yet Mastered	6
Not Attempted	10
	232

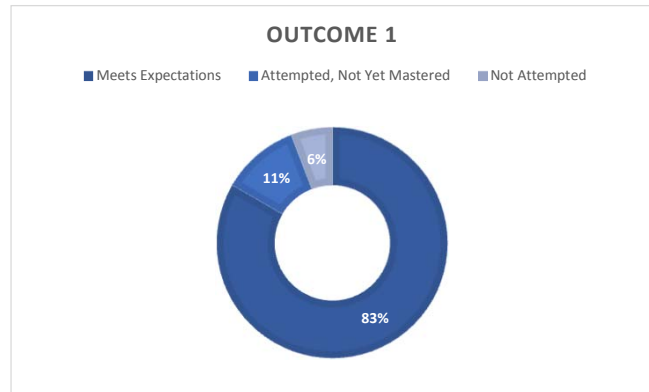

**Mathematics Outcomes 201770, 201830, 201930, 201950, 201970**

**Outcome 1 - Mathematics**

Solve problems through mathematical reasoning and analysis.

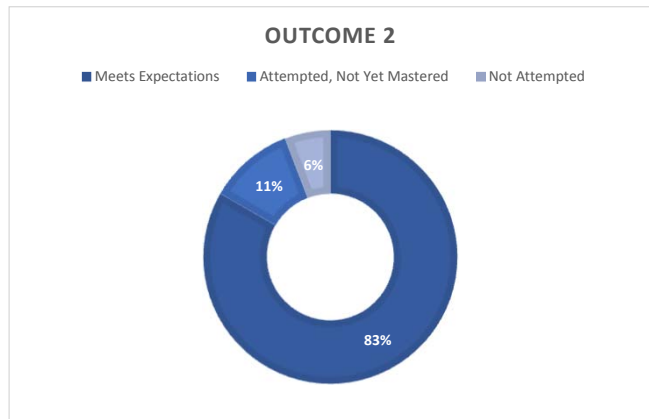

Meets Expectations	4137
Attempted, Not Yet Mastered	538
Not Attempted	288
	4963

**Outcome 2 - Mathematics**

Use appropriate tools, such as mathematical properties, modeling, technology, and graphs.

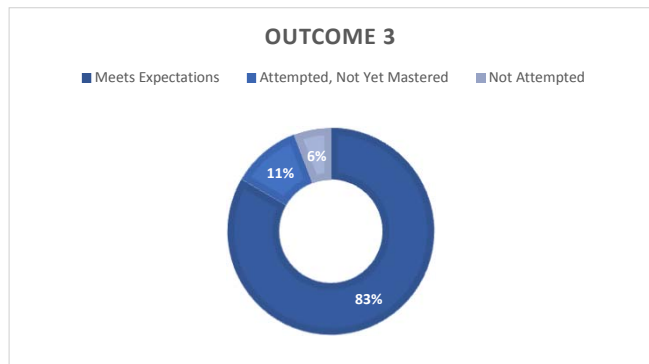

Meets Expectations	4135
Attempted, Not Yet Mastered	538
Not Attempted	288
	4961

**Outcome 3 - Mathematics**

Be fluent with practical mathematics.

Meets Expectations	4136
Attempted, Not Yet Mastered	538
Not Attempted	288
	4962

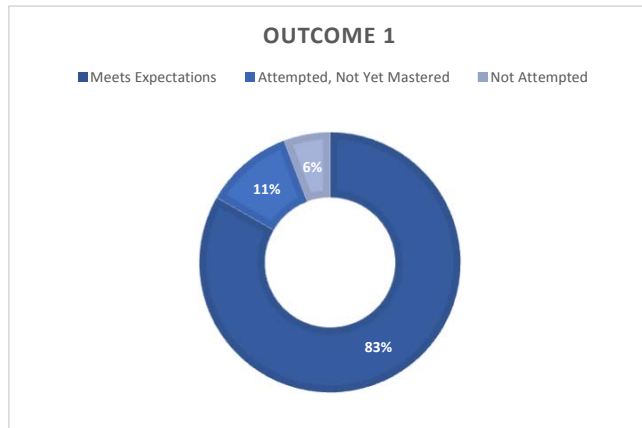

## Science Outcomes 201930, 201970

### Outcome 1 - Science

Utilize creative and critical scientific questioning to comprehend the scientific world.

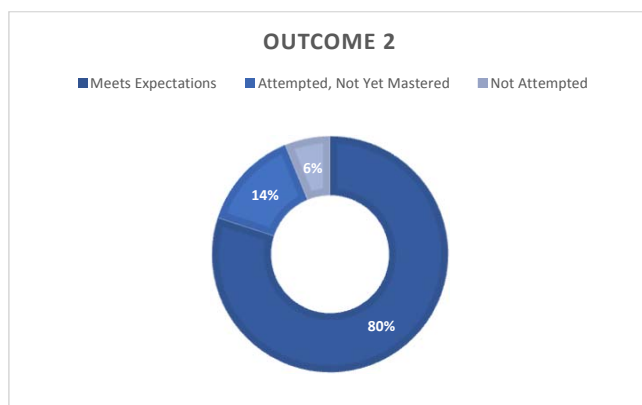

Meets Expectations	914
Attempted, Not Yet Mastered	120
Not Attempted	63
	1097

### Outcome 2 - Science

Identify and solve problems using methods of the discipline.

Meets Expectations	877
Attempted, Not Yet Mastered	151
Not Attempted	68
	1096

### Outcome 3 - Science

Demonstrate scientific awareness of the interrelationships of laws that govern the natural world.

Meets Expectations	901
Attempted, Not Yet Mastered	133
Not Attempted	63
	1097
