

# Associate of Science in Nursing (A.S.N.)

The Nursing Program (72 credit) is accredited by the Accreditation Commission for Education in Nursing (ACEN), fully approved by the Montana State Board of Nursing, and has been designed to prepare graduates who will be eligible to apply for RN Licensure. Upon completion of the program, graduates will be able to give direct patient-centered, safe, and effective care. They may function in cooperation with other members of the health team in hospitals, nursing homes, doctors' offices, and other health agencies.

NOTE: This program has specific entrance requirements. Before applying to the nursing program, students must complete the Pre-requisites nursing course of CHMY 121/122 Introduction to General Chemistry w/lab, BIOH 201/202 Human Anatomy and Physiology I w/lab, M 140 College Math for Healthcare and WRIT 101 College Writing I. The nursing program uses a formal process when selecting nursing students. Pre-Nursing is a classification used for students who were not selected for the nursing program.

Program course requirements are presented in sequence. Part-time students and others who cannot follow this sequence should check [Course Descriptions](#) to determine pre-requisites and should consult their advisor regarding the order in which to take courses. This program is designed to meet educational requirements for a specific professional license or certification that is required for employment in an occupation. Miles Community College has not made a determination as to whether this program meets the education requirements for licensure in states other than Montana.

NOTE: All Pre-requisite courses are required to be completed with a "B-" or higher. A selective GPA based upon the most recent attempt of Pre-requisite courses of 2.75 is required for admission to the Nursing Program. All required A.S.N. degree courses, including general education courses, may be repeated only once, developmental courses not included. All science courses must be less than five years old.

<b>Prerequisite Courses</b>	
CHMY 121/122 Intro To General Chemistry & Lab	3 and 1 credits
BIOH 201/202 Human Anatomy & Physiology I & Lab	3 and 1 credits
WRIT 101 College Writing I	3 credits
M 140 College Math for Healthcare	3 credits
<b>Total</b>	<b>14 credits</b>
<b>First Year Fall Semester</b>	
BIOH 211/212 Human Anatomy & Physiology II & Lab	3 and 1 credits
PSYX 100 Intro to Psychology	3 credits
NRSG 248 Pharmacology I	1 credit
NRSG 268 Pathophysiology I	2 credits
NRSG 232/233 Foundations of Nursing & Lab	3 and 3 credits
<b>Total</b>	<b>16 credits</b>
<b>First Year Spring Semester</b>	
NRSG 231 Nursing Pharmacology Lab	2 credits
NRSG 234/235 Adult Nursing I & Clinical	3 and 2 credits
NRSG 249 Pharmacology II	2 credits
NRSG 269 Pathophysiology II	1 credit
SOCI 101 Intro to Sociology	3 credits
<b>Total</b>	<b>13 credits</b>

<b>Second Year Fall Semester</b>	
NRS 244/245 Adult Nursing II & Lab	3 and 2 credits
NRS 236/237 Health and Illness of Maternal Nursing & Clinical	2 and 1 credits
BIOM 250/251 Microbiology for Health Sciences & Lab	3 and 1 credits
NRS 254/255 Mental Health Concepts & Clinical	3 and 1 credits
<b>Total</b>	<b>16 credits</b>
<b>Second Year Spring Semester</b>	
NRS 259/261 Adult Nursing III & Clinical	3 and 3 credits
NRS 246/247 Health & Illness of Child & Family Nursing & Clinical	2 and 1 credits
